HİJYEN+ Bakteri ve Mikroplara Karşı Etkin Laminat Parke Koleksiyonlarıyla Sağlıklı Mekanlar

Yaşam alanlarınızın temiz ve bakterilerden arınmış olması sağlıklı bir yaşam sürmeniz için son derece önemlidir. Üstün bir teknolojiyle üretilen Hijyen+ özelliğine sahip laminat parke koleksiyonlarımızdaki tüm ürünler bakterilere üreyecek alan bırakmaz. Ayakkabılar, dökülen sıvılar, evcil hayvanlar ve başka kaynaklar aracılığıyla bakteri ve mikroplar parkeye taşınabilir. Ancak Hijyen+ özelliği bakteri ve mikropların çoğalmasına izin vermez.

Hem sevdiklerinizin sağlığı, hem de sizin sağlığınız korunmuş olur. Hijyen+ özelliğine sahip laminat parke koleksiyonlarımız üzerinde yapılan testler sonucunda, 24 saat içerisinde görülmesi beklenen bakteriyel aktivitenin %99.9'a kadar engellendiği ispatlanmıştır.

(ISO 22196'ya göre test edilmiştir)

Healthy Living Spaces with the Laminate Flooring Collections Having Hygiene+ Feature

To live a healthy life, it is extremely important to have living spaces that are clean and free from bacteria. Manufactured with advanced technology, all the products in our laminate flooring collections with Hygiene+ feature leave no space for bacteria to reproduce. Bacteria and microbe can be transferred to the flooring via shoes, spilled liquids, pets and other sources. However, the Hygiene+ feature does not allow bacteria and the microbes to reproduce. Both you and your loved ones' health are protected.

The results of tests conducted on our laminate flooring collections with Hygiene+ feature have proved that the bacterial activity expected to be seen is blocked up to 99.9% within 24 hours.

(Tested according to ISO 22196)
